

By: Ang Eng Chai, Area N4 Governor

Project title: Communication & Presentation Skills Workshop

School: Sekolah Menengah Sains Tun Syed Sheh Shahabudin, 14000 Bukit Mertajam, Penang (SMSTSSS)

Date: 19 Oct 2008

Time: 9.00am to 5.00pm

Venue: SMSTSSS – Main Hall

Organizing Chairperson – Ang Eng Chai – ACG, ALB

Presenters: KK Chee – DTM, Palaniappa Subramaniam – ACB, CL

Facilitators: 25 Toastmasters

Students: 147 Students

Objectives:-

1. To equip the student with interview skills so they are more confident during the interview session.
2. To equip the students with communication skills so that they can be more effective in their interpersonal skill when they start work.
3. To share the benefits of Toastmaster Program with the students.

Congratulations message by Pengarah Ketua Kanan of SMSTSSS Miss Yeang.

“Congratulations! You guys are the winners with raving reviews for a sterling workshop yesterday at SMSTSSS, BM. Well-done and thank you.”

The teacher was very happy as she was able to see the transformation of the students within such a short period from a shy and lack of confidence person to a person who is able to express their thought and idea to their fellow students and facilitators. Hence the students gained the confidence to communicate and present well in the public.

Hence we have achieved the objectives of the workshop.

Many students came forward to thank us for helping them to conquer their fear of communicating in public. Some of them even asked for our contact number so that they could join Toastmasters after their exam.

Our fellow Toastmasters were amazed with the result of the workshop and hence it is proven that the Learn By Doing – LBD Toastmasters Program work well for adult and students. Many of the Toastmasters were happy that they can apply what they have learned and shared with the students. They were all charged up and looking forward for the next project.

I sincerely thank to each and every Toastmaster helpers for their great help in making this workshop a remarkable one. It is also a great learning experience to each of us, especially those who served as facilitators. Special thanks to our veteran speakers - Pala and KK Chee for taking the effort to customize the presentation to the level of form 5 students. Both your presentations have been well received by the students and some of them shared that they can easily understand the message and tips on communication skills.

With this experience, I strongly believe by combining strengths and efforts from everyone, we will definitely have the courage to conquer for the next Toastmasters' project.
