

THE OLDEST AREA GOVERNOR, 64, INSTALLED THE YOUNGEST PRESIDENT, 15

The Installation of Club President Ng Ray Man, 15, by the oldest Area H1 Governor, Toastmaster Pak Peter, 64, was a noteworthy event in the Division H Joint Installation Dinner. In fact, Ray Man and his officers are not eligible to join Toastmasters yet because they are still below the age of 18. They are actually Gaveliers of their 3-year-old club, SMK Gunung Rapat Gavel Club, which is an affiliate of Toastmasters International.

To raise and nurture a child is extremely difficult; the same goes to leading a club. However, Ray Man and his team would like to lead the club towards even higher achievements, serve with passion and contribute to the Gavel or Toastmasters Clubs in District 51 and the community at large – “Toastmaster Can Help”.

With a loud and energetic pledge, “To SMK Gunung Rapat Gavel Club, YES, I WILL!”, Ray Man was then installed as Club President.

Gavel Clubs

Gavel clubs are a way of providing Toastmasters’ self-improvement methods and materials to people who may be ineligible for regular membership due to age, inability to pay dues or other circumstances. Gavel clubs provide Toastmasters members and clubs with an excellent opportunity for community service. They can be found in high schools, colleges, rehabilitation institutions, hospitals and elsewhere.

Gavel Clubs:

- must not be composed of employed adults;
- must not be eligible to charter as a regular Toastmasters club;
- may include members who are under 18;
- must have the approval or endorsement of its host institution;
- must use the program, methods, procedures, materials and services of Toastmasters International, whenever possible; and
- must apply to Toastmasters International for a Certificate of Affiliation.
